and to improve the space higher.

Onyx Black

Garnet Red

Pearl White

istella = intelligent + stella

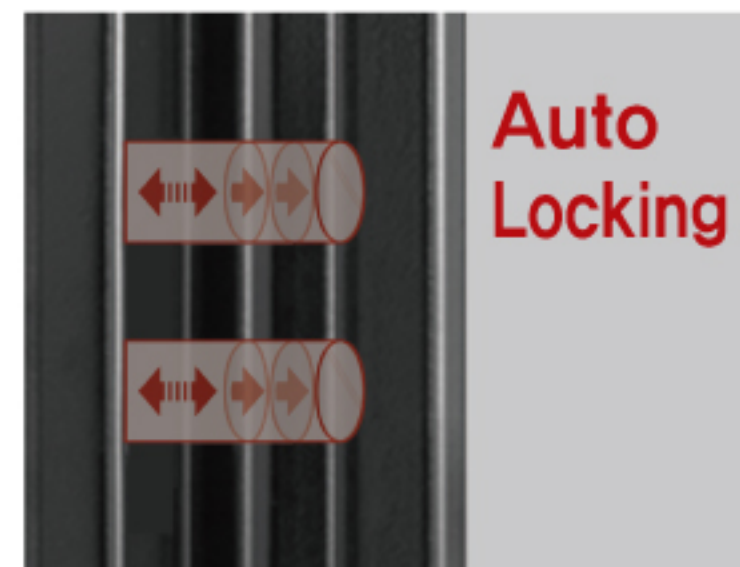

The brand **istella** is a compound word of intelligent and star. The istella safe has the unique Magic Touch Panel on the door equipped with high-tech functions of motorized automatic boltwork, inside LED lighting and smart digital lock. It is a superior fire safe certified by Swedish Fire Technology Institute SP.

Features

Magic Touch Panel

When touching diplomat logo, the digit numbers and icons appear on the surface. This technical system increases security and convenience in use.

Auto Locking

Motorized Lock

With motor and sensor the boltwork is automatically controlled in opening and closing the safe.

Inside LED Light

The inside LED light with 8 LED chips makes it convenient and easy to see the inside matters in darkness.

Dual Alarm System

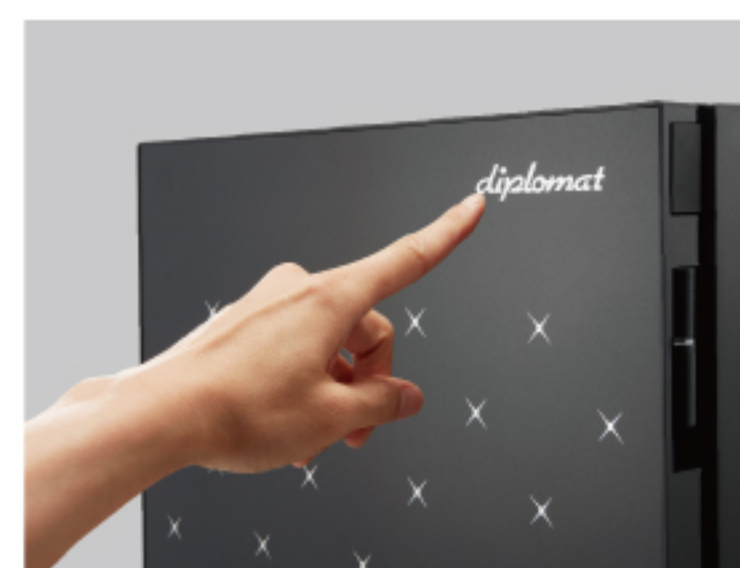

Two independent alarms are installed for alert with horn at 110dB when the safe is impacted outside and gets tilted at over 45 degrees.

1 hour Fire Resistance

The safe is certified one hour fire resistance at 1,000C by SP and protects the inside matters from the heat in a fire.

 P (Sweden)  KS (Korea)

Smart Digital Lock on Touch Panel

It has the features of dual locking, scramble numbers before and after a user's code and paralysis function for more security and convenience.
